Sir,

Agri 23/3/06

I have the honour to forward herewith a copy of the Proceedings of the Board of Agriculture at Pusa. These Proceedings are confidential until sent by the Government of India to the public Press. As this report is fairly full I expect that no special report is required from me. As will be seen from that report your representation has been honoured with a liberal share of the work of the Board; and the benefit derived from the deliberations has ~~materially~~ naturaly been correspondingly large. But the principal advantage of these Board meetings is derived, as I stated last year, from meeting face to face in an informal way with the officers of other Departments of Agriculture.

I have the honour to be,
Sir,
Your most obedient servant,

A. Lehmann

Agricultural Chemist.
